**4D Software Ops**—July 6, 10-12 or 530-730 Cost: Free w/ Purchase from SIK Instructor: Bev

Focus will be on how to combine, resize and align various designs into a single embroidery file.

A good class for anyone who is new to 4D or needs a refresher. Bring computer and dongle.

**Beginner II Sewing**-July 7, 21 530-730 Cost: \$15.00 Instructor Deb C.

This beginning sewing class will surely tickle your creative fancy! You will doing Scarf Magic and the Grocery Sack using Pat Sloan's book "I Can't Believe I'm Sewing". Join us for a fun and creative evening of sewing!

**Creative Vision Operations**—July 8, 10:00—12:00 Cost: Free w/ Purchase from SIK Instructor: Bev

If you struggle with the concept of perfect placement then you need (and will love) this class. This is so easy! We are going to embroider designs at specific locations using precise placement for all the designs. By the time we're done you will wonder why you thought it was so hard. Bring your medium hoop (240 x 150), plain fabric, tearaway stabilizer, marking pens and basic sewing supplies. Of course, don't forget your embroidery unit! Sign up early. This class will fill up fast.

**Organizing Design Files**—July 15, 2-4 or 530-730 Cost:\$15.00 Instructor: Bev

If you have difficulty navigating your PC or finding embroidery files this class is for you. The key is to have a plan, understand the plan and then stick to the plan. We will define the plan then practice creating folders, perform copy/paste/move functions and discuss the best ways to organize files. This class will be part lecture and part hands-on. Come prepared to take the guesswork out of organizing design files. Window XP and Vista users only. Sorry, no Windows 7 users.

**Embroidery Club**-July 22, 29, 10-1 or 530-830 Cost:\$15.00 Instructor: Bev
